

RANDOLPH COUNTY NEWS RELEASE

November 10, 2011

New County Phone System

The Randolph County Commission is pleased to announce the full implementation of the new phone system. All county offices can be accessed by the following two numbers: 263-5822 or 277-5822, and by following the prompts given by the automated system.

All areas of the county can now access their county government toll free except those having a 573 area code. All old numbers are still available but are not toll free.
